ILMIRA ESTIL
iOS Mobile Developer

PROJECTS

MIYU
Netflix Original's <u>Black Mirror-"Nosedive"</u> inspired social app.
- Social media application for users to share and upload media content (ie. photos, videos).
- Designed API and integrated Google Firebase to store user data, cosmos view integration for rating star feature, and overall design of application.
- Implemented core features include: uploading media content, curated home feed, friend system, and rating system.

LAPZE
Recess for adults.
- Collaborated with a team of three developers to design and build a social-fitness meet-up app.
- Helped integrated Firebase, Google Map SDK, and local notifications to connect users via user locations and an interactive map.
- Implemented UI/UX design using Core Animation, CocoaPods, and Sketch by serving as Design Lead.

EXPERIENCE

Prolific Interactive, Brooklyn, NY   July 2017 - Nov 2017
iOS Engineer Internship
- 3 month long internship working on a team building mobile iOS products with company partners including: Build and SoulCycle.
- Build: Worked on MVP project integrating ARKit to Build.com's React Native application with 1 lead iOS engineer, 1 design technologist, and 2 React Native engineers to integrate AR Feature.
- SoulCycle: Helped maintain app by integrating code via MVVM using Reactive Cocoa and front-end issues with new iOS 11 integration and updating Objective-C to Swift.

Coalition For Queens, Long Island City, NY   Aug 2016 - May 2017
iOS Development Fellowship
- Completed a Google-funded 10-month iOS development curriculum designed by engineers from Vice, Facebook, Yahoo, Artsy, and LinkedIn. Topics included Swift, Git, Data Structures, Algorithms, APIs, and tech principles and culture.

Hunter College CUNY, New York, NY   June 2016 - Jan 2017
Adjunct Teaching Statistics Lab Instructor and Experimental Psychology
- Instructed beginner statistics to psychology students, computer software proficiency such as SPSS, and APA research modeling and writing.

EDUCATION

Udacity - Grow with Google Initiative: Scholarship   April 2018 - present
Android Development Nanodegree Certification 6-month course.

Hunter College, City University Of New York
BA, Honors in Psychology, *Cum Laude*   *August 2010 - May 2015*
